EXAMINER'S AMENDMENT

An Examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR § 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

- ✓ In claim 12, line 2, "a" has been deleted;
- ✓ In claim 23, line 1, "the tuning" has been deleted;
- ✓ In claim 24, line 1, "the tuning" has been deleted; and
- ✓ In claim 29, line 1, "of claim" has been inserted before "25".

The above indicated amendments are required for purely grammatical purposes. No consultation with applicant or applicant's representative is deemed necessary.

EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance: After an updated search, U.S. Patent Application Publication 2003/0021305 A1 to Lundqvist, U.S. Patent 6,330,255 to Hung, and U.S. Patent 6,172,791 to Gill remain the closest prior art documents of record. Applicant has amended the claims of the present application to require that the optical modulator include a plurality of capacitors having charge modulated regions in the semiconductor substrate, and that the charge modulated regions of the capacitors modulate the optical beam generated from the gain medium when the optical beam is directed through the semiconductor substrate and through the charge modulated regions of the capacitors. After careful study of the Lundqvist, Hung, and Gill references, the Examiner agrees that the references do not

disclose or suggest these claim limitations. Only the Gill reference discusses capacitors in a waveguide coupling structure, but the Examiner agrees (for the reasons stated on page 16 of the latest response) that Gill's arrangement is totally different than that being claimed herein. Claims 1-3 and 5-30 herein are therefore allowed.

The ten (10) sheets of formal drawing filed on October 6, 2003, are acceptable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
